

FEET FIRST

Semillon Sauvignon Blanc 2008

The label depicts the Magnificent Tree Frog *Rhombophryne splendida*, locally known as the "Splendid Frog". It is native only to the north of Western Australia, found in the Bungle Bungle Ranges in the Kimberley region. Its small area of habitat and the fact that it shelters from the tropical day time temperatures in caves and between boulders make it a rare find indeed.

The aim of Feet First is to produce a range of wines from fruit grown in Western Australia that are value for money. To this end, vintage variations are reduced by sourcing quality fruit from growers in a diverse range of regions, including Margaret River, Mount Barker and Frankland River and Geographe. Our aim is to maintain a level of quality that over delivers for the price asked and to be available in key markets in Australia and overseas.

Tasting Notes

This wine is an unoaked blend of Semillon and Sauvignon Blanc from fruit grown on Robertsons Vineyard in Frankland and Merum vineyard in the Pemberton region.

The Bouquet displays fresh lemon zest and lime blossom, with notes of fresh cut grass and passionfruit.

The palate starts out with fresh fruit flavours of ripe gooseberry and kiwi fruit, then a rich mid palate of cut grass and tropical fruits. Clean crisp citrus flavours finish off a refreshing wine ready for balmy summer nights.
